Ganhela, Akuressa

SKILLS

- Time Management
- Teamwork
- Leadership
- Critical Thinking
- Effective Communication

PROJECTS

- Designed and implemented network projects using Cisco Packet Tracer, including VLAN configuration, port security, DHCP setup, and other foundational networking concepts.
- Automated Plant Care System using Arduino (Group)
- Lecture Hall Management System using MERN (Group)

LANGUAGE

- English (Professional)
- Sinhala (Native)

PROFILE

As a third-year undergraduate, I am a detail-oriented problem solver with a passion for cybersecurity and network engineering. With a solid understanding of network protocols and security principles, I am ready to apply my knowledge to solve complex challenges in safeguarding digital infrastructures. Eager to gain hands-on experience, I look forward to contributing as an intern while further developing my skills in a real-world environment.

EDUCATION

University of Sri Jayewardenepura

Faculty of Technology

Bachelor of Information & Communication Technology (Hons) specializing in Network Technology

CGPA: 3.33

2022 - PRESENT

MR/Mahinda Rajapaksha College, Matara

Advanced Level (Bio Systems Technology)

Result: ABB District: 5 Island: 119 Z-score: 2.1346

2018 - 2020

CERTIFICATES AND COURSES

Currently pursuing a 4-course series at Dehiwala VTC, including,
Microsoft Security, Compliance, and Identity Fundamentals (SC-900)
Microsoft 365 Fundamentals (MS-900)
Microsoft Azure Fundamentals (AZ-900)
Cisco Network Essentials

Introduction to Cybersecurity - Cisco Networking Academy

Fortinet Certified Fundamentals in Cybersecurity (FCF) - Fortinet Training Institute

Foundations of Cybersecurity - Coursera Learning

Azure Fundamentals - Microsoft Learn
